SOP TO JOB HOLDERS.

Not satisfied with the back-breaking burden under which the people of the United States are groaning by reason of the iniquitous pension bill growing out of the war between the States, it is now proposed to add to the burden by the enactment by congress of what is known as the "Civil Pension Bill." This bill proposes to pension certain federal employees and its scope is so great that should it become a law an unbearable burden would be placed upon the backs of the people. The bill has lain dormant for several years and has but recently been resurrected. Cyclone Davis, as usual, has shown his utter unworthiness as a congressman from

Texas by being the only member of
the Texas delegation in congress, who
by his vote aided in the resurrection
of this iniquitous bill.

It is generally regarded as the
opening wedge in voting upon the
country a civil pension system and
what will prove to be the heaviest
civil pension list in the world if the
action taken by the house is to be-
come the policy of this and future con-
gresses. The Penrose bill has been
hanging fire for the past four years,
smothered in the civil service com-
mittee of the house.

It proposes the retirement at \$50
per month of postal employees, and
according to the statement of Chair-
man Moon of the postoffice com-
mittee it will pension at that rate
some 300,000 or 400,000 postal em-
ployees. The reason for transferring
the bill to the Moon committee is a
simple one. The civil service com-
mittee is opposed to the bill, while
a majority of the postal committee
will vote to report the bill favorably.
All of the Texans in the house except
Davis registered their disapproval of
the measure.

Speaking of the Penrose bill, Con-
gressman Dies called it a "sop" to job
holders. He declared that if this bill
is passed it is the forerunner of a
general civil pension system in this
country that will place a burden of
many millions annually upon the na-
tional treasury. He declared it fore-
shadowed the pensioning of a million
men in this country and to meet the
cost would necessitate additional
taxes upon the people in order to pen-
sion lavishly men who had held good
paying government jobs for a long
period of years.

He said his committee had kept
down the bill for four years, believing
it would pave the way for an era of
civil pensions.

Most encouraging reports have
been received by The Eagle as to crop
conditions throughout Brazos County,
excepting of course the hail district,
and even here the work of replanting
has been finished. The hill crops are
good, and the reports from the
Brazos bottom are that conditions are
more favorable than they have been
since 1912.

More American blood has incarn-
adined the cactus ridden soil of Mex-
ico. It may be some comfort to add,
however, that Mexican blood was ming-
led with it.

The farmers of the county were
conspicuous in the city today by their
absence. They are making hay of the
grass and weeds that infest their
fields while the sun shines.

Watch The Eagle for further an-
nouncements concerning the com-
mencement exercises of the Bryan
public school. Superintendent Law-
son is a man of original ideas and
he is planning a commencement that
will be of interest to all the friends
and patrons of the school.

The public work in progress in
Bryan, to say nothing of the good
road building now in progress, is in-
deed encouraging. Already its effect
can be felt in renewed hope and the
restored confidence of the people.

Another new front and modern
awning for a Main Street business
house has been let. Gradually, slow-
ly, but surely The Eagle's campaign
for modern and uniform awnings in
Bryan is bearing fruit. The old, out-
of date monstrosities that still re-
main, must go and will go.

WISE AND OTHERWISE.

MISSIONARY IN CITY.

Rev. T. C. Vinsen, a former supply
pastor here in the Presbyterian
Church, who is now a returned mis-
sionary from Africa, arrived in the
city this afternoon from San Antonio
and is the guest of Rev. Charlton H.
Storey. He will speak tomorrow at
the First Presbyterian Church.

HOW TO LOOK WELL DRESSED.

In the June American Magazine is
an account of one of the most success-
ful insurance solicitors in the coun-
try, who attributes a large part of his
success to the fact that he always
looks well dressed and prosperous.

"If you have only one suit of
clothes, keep that one suit clean and
pressed all the time," he says. "Press
your trousers yourself every day if
necessary. I have pressed my trous-
ers lots of times. Keep your shoes
shined."

"If you can afford several suits,
change off from one suit to another
frequently, and keep all of them spot-
less and well pressed. I never wear
a suit longer than the second day at
a time. To change every day is bet-
ter. It gives the clothes a chance to
'rest.' I always hang my clothes on
hangers the minute I take them off.
It gives them a chance to 'come back'
into shape and the nap to come up
again."

"It is a great economy to have lots

of good clothes. A suit will last twice
and three times as long and always
look well if you keep changing off
from one to another. Besides, people
get tired of seeing a man in the same
suit day after day for a whole season."

PAROCHIAL SCHOOL CLOSING.

Program of Interesting Exercises
Marked Closing Friday Night.

Last night terminated the most suc-
cessful school term since the opening
of St. Joseph's parochial school. The
house was crowded to overflowing,
which convinced everyone present
that the wonderful training of chil-
dren, under the direction of the Ursu-
line Sisters, noted for their patience,
knowledge and meekness, demon-
strated that before long it will be
necessary to have a larger school
house.

The children's fancy needle work
also opened the eyes of the audience,
and on all sides could be heard ex-
pressions of praise.

After rendering a very appropriate

program and serving ice cream on the
school lawn, was brought to a con-
clusion, a hope that next year would
have a larger enrollment than the
one just ending.

The large audience showed by their
generosity that they loved the Ursu-
line nuns, and that they thoroughly
appreciated the interest shown them
in educating the precious little jewels
entrusted to their care, who later on
in life will be a credit to them and
their parents in the comforting mo-
ments of their declining years.

HOTEL WORK PROGRESSING.

Contractors who are building the
Has annex to the Hotel Bryan are
rushing the work right along now.
They have been pouring concrete no-
for several days. A few days ago
night crew was put on who work up
to pretty late at night and then start
again at 5 o'clock in the morning.
Framework for the second story will
be erected next week.
